Ministry of State - Adoption of ISO standards

By recommendation of the National Institute of Standards.

The following ISO standards are recognized and adopted for use in Sancratosia:

- ISO 4 (Information and documentation — Rules for the abbreviation of title words and titles of publications);

- ISO 8 (Information and documentation — Presentation and identification of periodicals);

- ISO 18 (Documentation — Contents list of periodicals);

- ISO 214 (Documentation — Abstracts for publications and documentation);

- ISO 215 (Documentation — Presentation of contributions to periodicals and other serials);

- ISO 216 (Writing paper and certain classes of printed matter — Trimmed sizes — A and B series, and indication of machine direction);

- ISO 217 (Paper — Untrimmed sizes — Designation and tolerances for primary and supplementary ranges, and indication of machine direction);

- ISO 269 (Correspondence envelopes — Designation and sizes);

- ISO 639 (Code for individual languages and language groups);

- ISO 690 (Information and documentation — Guidelines for bibliographic references and citations to information resources);

- ISO 704 (Terminology work—Principles and methods);

- ISO 838 (Paper — Holes for general filing purposes — Specifications);

- ISO 999 (Information and documentation—Guidelines for the content, organization and presentation of indexes);

- ISO 1073 (Alphanumeric character sets for optical recognition);

- ISO 1951 (Presentation/representation of entries in dictionaries — Requirements, recommendations and information);

- ISO 2108 (Information and documentation — International standard book number (ISBN));

- ISO 2145 (Documentation — Numbering of divisions and subdivisions in written documents);

- ISO 2384 (Documentation — Presentation of translations);

- ISO 2846 (Graphic technology — Colour and transparency of printing ink sets for four-colour printing (originally Set of printing inks for offset printing — Colorimetric characteristics));

- ISO 3103 (Tea — Preparation of liquor for

use in sensory tests);

- ISO 3166 (Codes for the representation of names of countries and their subdivisions);

- ISO 3297 (Information and documentation — International standard serial number (ISSN));

- ISO 3509 (Coffee and coffee products — Vocabulary);

- ISO 3791 (Office machines and data processing equipment — Keyboard layouts for numeric applications);

- ISO 3864 (Graphical symbols — Safety colours and safety signs);

- ISO 3901 (Information and documentation — International Standard Recording Code (ISRC));

- ISO 4046 (Paper, board, pulps and related terms — Vocabulary);

- ISO 4217 (Codes for the representation of currencies);

- ISO 5122 (Documentation — Abstract sheets in serial publications);

- ISO 5138 (Office machines — Vocabulary);

- ISO 5807 (Information processing — Documentation symbols and conventions for data, program and system flowcharts, program network charts and system resources charts);

- ISO 6166 (Securities and related financial instruments — International securities identification numbering system (ISIN));

- ISO 6346 (Freight containers — Coding, identification and marking);

- ISO 6357 (Documentation — Spine titles on books and other publications);

- ISO 6630 (Documentation — Bibliographic control characters);

- ISO 6709 (Standard representation of geographic point location by coordinates);

- ISO 7001 (Graphical symbols — Public information symbols);

- ISO 7010 (Graphical symbols — Safety colours and safety signs — Registered safety signs);

- ISO 7064 (Information technology — Security techniques — Check character systems);

- ISO 7144 (Documentation — Presentation of theses and similar documents);

- ISO 7154 (Documentation — Bibliographic filing principles);

- ISO 7275 (Documentation — Presentation of title information of series);

- ISO 7501 (Identification cards — Machine readable travel documents);

- ISO 7810 (Identification cards — Physical characteristics);

- ISO 7811 (Identification cards — Recording technique);

- ISO 7812 (Identification cards — Identification of issuers);

- ISO 7813 (Information technology — Identification cards — Financial transaction cards);

- ISO 8601 (Data elements and interchange formats — Information interchange — Representation of dates and times);

- ISO 8632 (Information technology — Computer graphics — Metafile for the storage and transfer of picture description information);

- ISO 8859 (Information technology — 8-bit single-byte coded graphic character sets);

- ISO 9362 (Banking — Banking telecommunication messages — Business identifier code (BIC));

- ISO 9706 (Information and documentation — Paper for documents — Requirements for permanence);

- ISO 9995 (Information technology — Keyboard layouts for text and office systems);

- ISO 10383 (Securities and related financial instruments — Codes for exchanges and market identification (MIC));

- ISO 10646 (Information technology — Universal Coded Character Set (UCS));

- ISO 10957 (Information and documentation — International standard music number (ISMN));

- ISO 11108 (Information and documentation — Archival paper — Requirements for permanence and durability);

- ISO 11172 (Information technology — Coding of moving pictures and associated audio for digital storage media at up to about 1,5 Mbit/s);

- ISO 11798 (Information and documentation — Permanence and durability of writing, printing and copying on paper — Requirements and test methods);

- ISO 12637 (Graphic technology — Vocabulary);

- ISO 13250 (Information technology — Topic Maps);

- ISO 13616 (Financial services — International bank account number (IBAN));

- ISO 13655 (Graphic technology — Spectral measurement and colorimetric computation for graphic arts images);

- ISO 13818 (Information technology — Generic coding of moving pictures and associated audio information);

- ISO 14000 (Environmental management systems);

- ISO 14001 (Environmental management systems — Requirements with guidance for use);

- ISO 14004 (Environmental management systems — General guidelines on implementation);

- ISO 14005 (Environmental management systems — Guidelines for the phased implementation of an environmental management system, including the use of environmental performance evaluation);

- ISO 14020 (Environmental labels and declarations — General principles);

- ISO 14031 (Environmental management — Environmental performance evaluation — Guidelines);

- ISO 14289 (Document management applications — Electronic document file format enhancement for accessibility);

- ISO 14496 (Information technology — Coding of audio-visual objects);

- ISO 14617 (Graphical symbols for diagrams);

- ISO 14709 (Information technology — Configuration of Customer Premises Cabling (CPC) for applications);

- ISO 15438 (Information technology — Automatic identification and data capture techniques — PDF417 bar code symbology specification);

- ISO 15444 (Information technology — JPEG 2000 image coding system);

- ISO 15511 (Information and documentation — International standard identifier for libraries and related organizations (ISIL));

- ISO 15706 (Information and documentation — International Standard Audiovisual Number (ISAN));

- ISO 15707 (Information and documentation — International Standard Musical Work Code (ISWC));

- ISO 15924 (Information and documentation — Codes for the representation of names of scripts);

- ISO 15930 (Graphic technology — Prepress digital data exchange using PDF);

- ISO 15938 (Information technology — Multimedia content description interface);

- ISO 15948 (Information technology — Computer graphics and image processing — Portable Network Graphics (PNG): Functional specification);

- ISO 16023 (Information technology — International symbology specification — MaxiCode);

- ISO 16069 (Graphical symbols — Safety signs — Safety way guidance systems (SWGS));

- ISO 16612 (Graphic technology — Variable printing data exchange);

- ISO 17100 (Translation services — Requirements for translation services);

- ISO 17442 (Financial services — Legal Entity Identifier (LEI));

- ISO 18004 (Information technology — Automatic identification and data capture techniques — QR Code bar code symbology specification);

- ISO 18013 (Information technology — Personal identification — ISO-compliant driving license);

- ISO 18181 (Information technology — JPEG XL image coding system);

- ISO 18245 (Retail financial services — Merchant category codes);

- ISO 19005 (Document management — Electronic document file format for long-term preservation);

- ISO 19101 (Geographic information — Reference model);

- ISO 20247 (Information and documentation — International library item identifier(ILII));

- ISO 20494 (Paper — Requirements for stability for general graphic applications);

- ISO 20559 (Graphical symbols — Safety colours and safety signs — Guidance for the development and use of a safety signing system);

- ISO 20715 (Tea — Classification of tea types);

- ISO 21482 (Ionizing-radiation warning — Supplementary symbol);

- ISO 22322 (Societal security — Emergency management — Guidelines for public warning);

- ISO 22324 (Societal security — Emergency management — Guidelines for colour coded alert);

- ISO 22727 (Graphical symbols — Creation and design of public information symbols — Requirements);

- ISO 22742 (Packaging — Linear bar code and two-dimensional symbols for product packaging);

- ISO 23941 (Information technology — Automatic identification and data capture techniques — Rectangular Micro QR Code (rMQR) bar code symbology specification);

- ISO 24138 (Information and documentation — International Standard Content Code (ISCC));

- ISO 26000 (Guidance on social responsibility);

- ISO 26324 (Information and documentation — Digital object identifier system);

- ISO 27729 (Information and documentation — International standard name identifier (ISNI));

- ISO 27730 (Information and documentation — International standard collection identifier (ISCI));

- ISO 32000 (Document management — Portable document format);

- ISO 40500 (Information technology — W3C Web Content Accessibility Guidelines (WCAG) 2.0);

- ISO 80000 (Quantities and units);
